

Architectural Technologist, Ottawa ON

Tiree is a leader in strategic facility consulting, accommodation planning, design & fit-up, project management, and infrastructure workplace management systems. We are the only firm that combines expertise in accommodation strategies with in-depth knowledge of enterprise software solutions for infrastructure management. We create facility strategies that enhance corporate business plans and deliver project solutions that enable customers to focus on their business objectives. Tiree customers benefit from knowing that they are working with the best in the industry - a company with the reputation for solving complex problems in large enterprise organizations.

Requirements

- College diploma.
- 2-20 years of related work experience.
- AutoCAD expertise
- Proficiency in 3D and rendering applications for customized presentations.
- Contract documentation, with an emphasis on detailed design, construction detailing and complete documentation of interior fit-ups of commercial office space.
- Knowledge of all aspects of interior fit-up, including building code requirements, material and finish selection & specification, construction methodologies, M/E, IT and furniture systems.
